3. I'RIGGERS

When it comes to motor vehicles, all the time people are posting pictures of the car as they do their Sunday drive or even just because it has had a wash. We have all seen the slamming cars get online when they break down! We trust these people to lead us to the right vehicle and to give us advice to help our buying decisions.

10. YOUR SOLUPION

1°R

This system is built by Machine learning and regression model. By using this model we can predict the resale value of the car at any time anywhere.

8. CHANNELS of BEHAVIOUR

8.1 ONLINE

 $\overline{\mathbf{SL}}$

When researching, customers don't look for information on auto brand websites alone, they visit comparison sites to check prices and user reviews.

 \mathbf{CH}

4. EMOPIONS: BEFORE / AFPER

Before buying a car they experience a state of elation, joy, delight etc.,

Afteí buying a caí the sense of achievement theyfeel when they díive it home is linked to the fact that you aíe now the owneí of the caí.

8.2 OFFLINE

When customer wanted to buy a car they would visit one auto dealership after another, talking with salespeople and seeing where they could get the best price.
